

Overview

Work style

I am a multimedia designer who produces interactive experiences to client briefs. I define production pipelines and concisely communicate plans with clients and team members.

Planning methodologies **SCRUM** | **AGILE** | **DOUBLE DIAMOND**
Design documents **SOFTWARE** | **GAME** | **TECHNICAL**
Other **WHITE PAPER** | **STYLE GUIDE** | **ART BIBLE** | **INFOGRAPHICS**
RESEARCH > DESIGN > PROTOTYPE > TEST > REVISE > IMPLEMENT > PUBLISH.

Don't see a skill you need?

Reach out, I'm always happy to learn.

I am constantly upskilling in creative media - I produce games, music, and websites. This experience allows me to plan and develop complex interactive projects. I apply graphic design principles to create legible interactive user interfaces.
